About AddressGrabber Suite

AddressGrabber Suite quickly captures contact information from documents, email, and web pages to your Address Book in just one click.

AddressGrabber Suite automatically captures contact information [Salutation, Name, Company, Title, Address, Phone, Fax, Email and Website] and transfers the information into ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011.

This software enables you to lookup for contacts in your address book and to add activities, notes, or history to the contact.

System Requirements

- Pentium III PC or higher. Core 2 duo and above recommended for Windows 7/8/10.
- 128 MB RAM or as required by the OS.
- 30 MB Free Space in Hard Disk to install and run the software.
- Operating Systems Supported:
 - Microsoft® Windows 10 Professional & Enterprise (32 bit and 64 bit)
 - Microsoft® Windows 8.1 Professional & Enterprise (32 bit and 64 bit)
 - Microsoft® Windows 7 Professional Edition (32 bit and 64 bit)
 - Microsoft® Windows Vista® Enterprise Edition (32 bit and 64 bit)Administrator rights in Windows 10 / Windows 8.1 / Windows 7 / Windows Vista
- Works with...
 - ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011

Installing the Software

- Visit <http://www.egrabber.com/addressgrabbersuite/trial.html> to download the product.
- Run the program from the folder where you have stored the installation files.
- The installation wizard guides you through rest of the process.
- Click **Finish** to complete the wizard. You have now successfully installed the software.

Registering the Software

After Installation, the **eGrabber Product Registration** dialog box appears on your screen.

- If you have purchased the software or registered for a trial version**, you should have received the License Key via email.

 You can use AddressGrabber Suite for one year or as specified in the Purchase Agreement. The software expires in one year or as specified after the date of registration.

- Type or paste the License Key under "**Please type or paste your License Key here**" and then click **Register Now**.
- The message "**Successfully Registered**" appears under Status. Now click **Continue** and start using the software.

[OR]

- Click **Continue** to evaluate the product for 3 days.

 **The trial version is fully functional, but limited to be used for 10 days or for 50 transfers whichever is earlier. Click [here](#) to purchase the product. For further information, you can contact eGrabber by e-mail (sales@egrabber.com) or call 1-866-299-7314.

Demo Version

After the trial period expires, the software continues to work in the demo version. In the demo version, only limited features are available and other features are disabled. You need to register the software with the purchased License Key to utilize the complete functionality of the software.

In the demo version, the following features continue to work in AddressGrabber Suite.

- **Lookup:** You can lookup a contact with the Company Name as the input.
- **Notepad:** The electronic notepad can be opened to enter temporary notes.
- **ACT! Time Zone:** Displays the current time of the selected contact in ACT! database. In the demo version, the time lookup works only if the contact in ACT! consists of a valid phone number.
- **Timer:** The timer is used to estimate the time spent with a contacts.
- **My Contact:** Designate most frequently used contact as My Contact.
- **Current Record:** Displays the currently opened record in ACT! database in the Lookup box.

The other features are disabled in the demo version. If you try to use other features, you get a message prompting that the feature is restricted.

You can purchase the software to get the complete functionality

Using AddressGrabber Suite

AddressGrabber Suite is displayed as a floating toolbar that can be dragged to any part of the screen. The toolbar consists of Action Buttons that can be used to capture contact information and to add activities, notes, to lookup etc.

When minimized, the software is displayed as a Taskbar Icon. You can right click the Taskbar Icon to make use of the options available in the toolbar.

AddressGrabber Suite Toolbar

Use AddressGrabber Suite toolbar to lookup contacts in the database and transfer contacts from documents, email, and web pages into the database.

Figure 1: AddressGrabber Suite Toolbar

The AddressGrabber Suite Toolbar contains the following:

Options: Click here to view the AddressGrabber Suite Options that enable you to modify the settings and to change other options.

Minimize: Click here to minimize the Toolbar.

Maximize/ Restore: Click here to toggle the AddressGrabber Suite Toolbar between the Standard and Compact modes.

Close: Click here to display AddressGrabber Suite as a Taskbar Icon.

Smart Lookup:

You can search for a contact by entering a part of the name, company, or email. The Smart Lookup function searches the database for the contact and displays the closest match to the searched data in the Lookup box in the 'Contact Name – Company – Phone – Email' format.

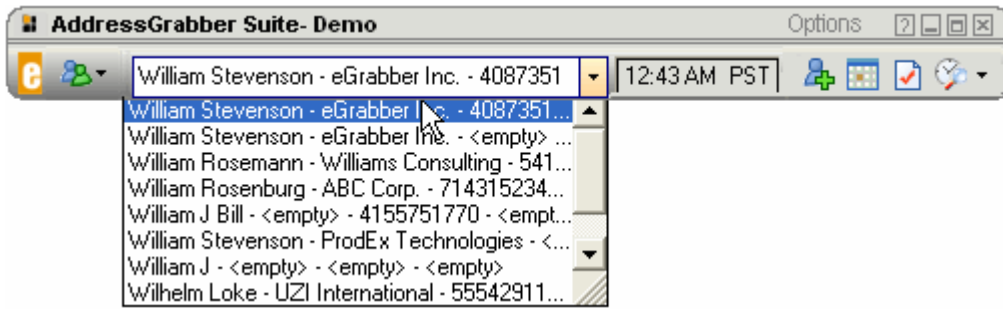

Figure 2: Lookup box displays found results

Time Zone Display:

The current time along with the time zone in the location of the selected contact is displayed next to the Lookup box. The time is calculated based on the Time Zone Settings.

Action Buttons:

The toolbar contains Action Buttons that enable you to perform various functions like add or update a contact, to lookup for a contact in your destination, to add Activities, Notes, History and more. You can also customize to add or remove these buttons.

You can also find a **Notepad** option to open a text file where you can save additional information.

Standard Mode Options

Click the **Maximize** button to view the toolbar in the Standard mode.

In the Standard Mode, the toolbar displays a **Smart Box** that enables you to type any text related to Activity, Notes or History and you can transfer this text to your destination. Data can be temporarily entered in the Smart Box and then transferred to the destination application later.

Advanced Mode Options

In the toolbar, click **Options > Toolbar Options > Advanced Toolbar** to view the toolbar in the advanced mode.

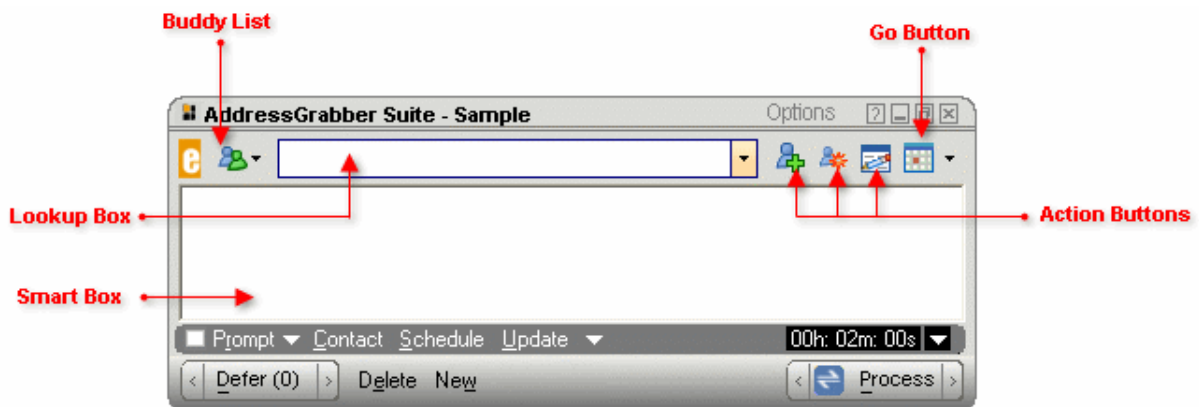

Figure 3: AddressGrabber Suite Toolbar – Advanced Mode

In the advanced mode, you can find options at the bottom of the toolbar to manipulate the data entered in the Smart Box.

These options include **Contact, Schedule, Prompt, Clear, Defer** and so on. The **Process** button enables you to transfer the entire data in the Smart Box to various fields. You can assign appropriate fields to the text and then click the Process button to transfer the data to corresponding fields.

Transfer Addresses to ACT!

You can transfer contact information to ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011 from documents, emails, and web pages. The procedure explained in the following sections is common for ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011.

Click **Transfer Options** in the Action Button **Go** available in the toolbar.

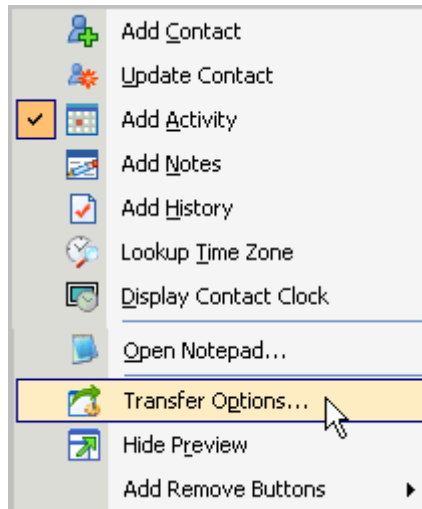

Figure 4: Transfer Options

In the **ACT! Link Options** window that appears, you can setup the following options before transferring the information.

Database Login

In the **ACT! Link Options** window, click **Login** to transfer the captured information more accurately. Ensure that ACT! is already open in your system.

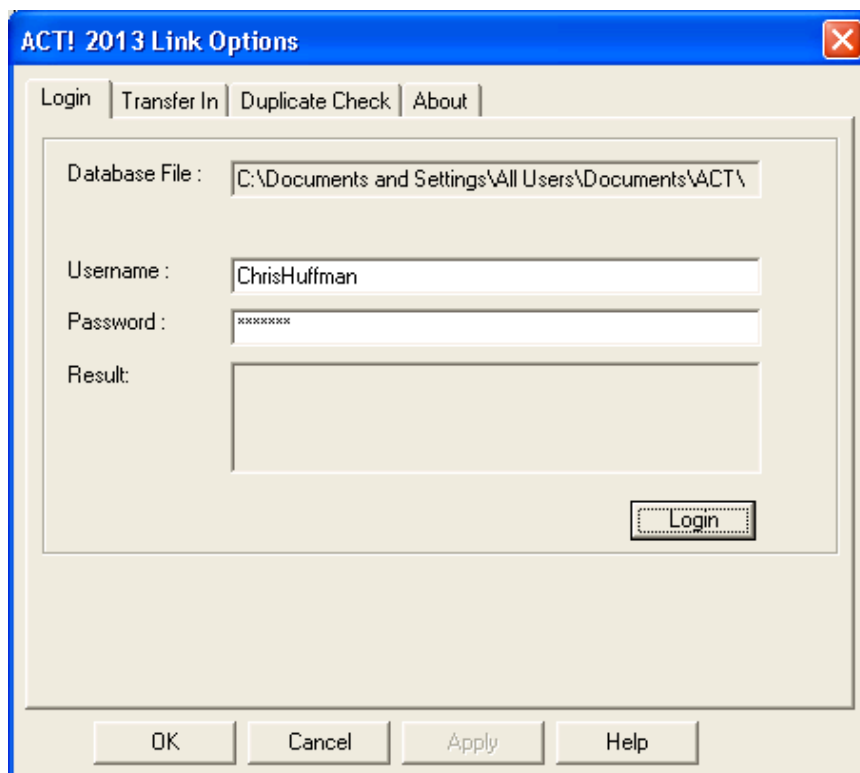

Figure 5: Database Login

In the **Login** tab, enter the following details.

- **Database File:** The database name and path of the opened ACT! database is automatically displayed
- **UserName:** Enter the login name of your ACT! .
- **Password:** Enter the password to access your database.
- Click **Login** to get access to database.

The message **Login Successful** appears in the Result area. If correct details are not provided, then the message **Login Failed** is displayed.

Click **Apply** to save the settings.

Transfer Company

You can setup to transfer the contact information either to the Business or Home section of ACT!. Click the **Transfer Company** tab in **ACT! Link Options** dialog box.

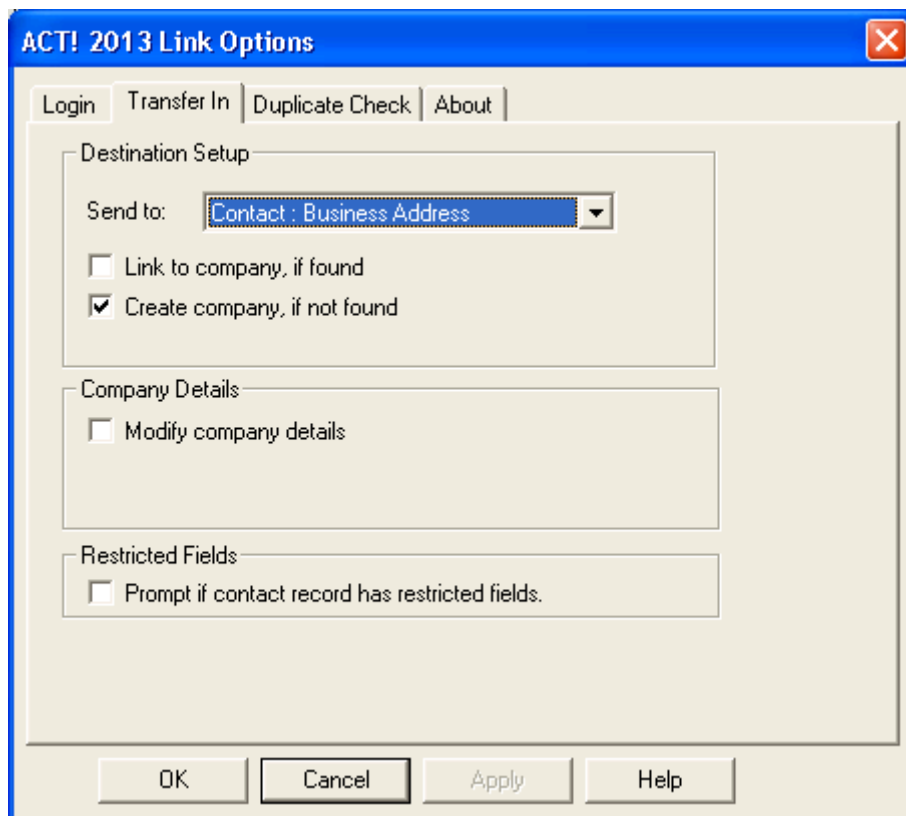

Figure 6: Transfer Company details

- In the **Send To:** list, select the relevant option to transfer your contact information.
 - **Contact: Business Address:** This option is selected by default. The information is added as the primary address in ACT!
 - **Contact: Home Address:** Select this option to transfer the information to the Home Address tab of ACT!
 - **Contact: Business and Home Address:** Select this option to transfer the information to the primary address as well as to the Home Address tab of ACT!.
- **Link to Company, if found:** Select this option to link the contact information to an existing company (if found) in ACT!
- **Create Company, if not found:** Select this option to create a new company (if not found) in ACT! and link the contact information to that company.
- **Modify Company Details:** Select this option to update the existing company record in ACT! with the new record being transferred.

 The following option is available for ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011 only.

- Select **Prompt if contact record has restricted fields** to get a warning message if ACT! 2019 / 2018 / 2017 / 2016 / 2015 / 2014 / 2013 / 2012 / 2011 database contains any user-restricted fields.
 - In the warning message that appears, click **Yes** to transfer the record. The information is transferred to all the fields except the restricted fields. The restricted fields are left blank for the transferred record.
 - Click **No** to cancel the transfer of record.

Click **Apply** to save the settings

Check for Duplicates

You can setup the duplicate check to avoid transferring duplicate contact information to ACT!. AddressGrabber Suite provides various options to handle the duplicate records.

Click the **Duplicate Check** tab to define the duplicate check criteria.

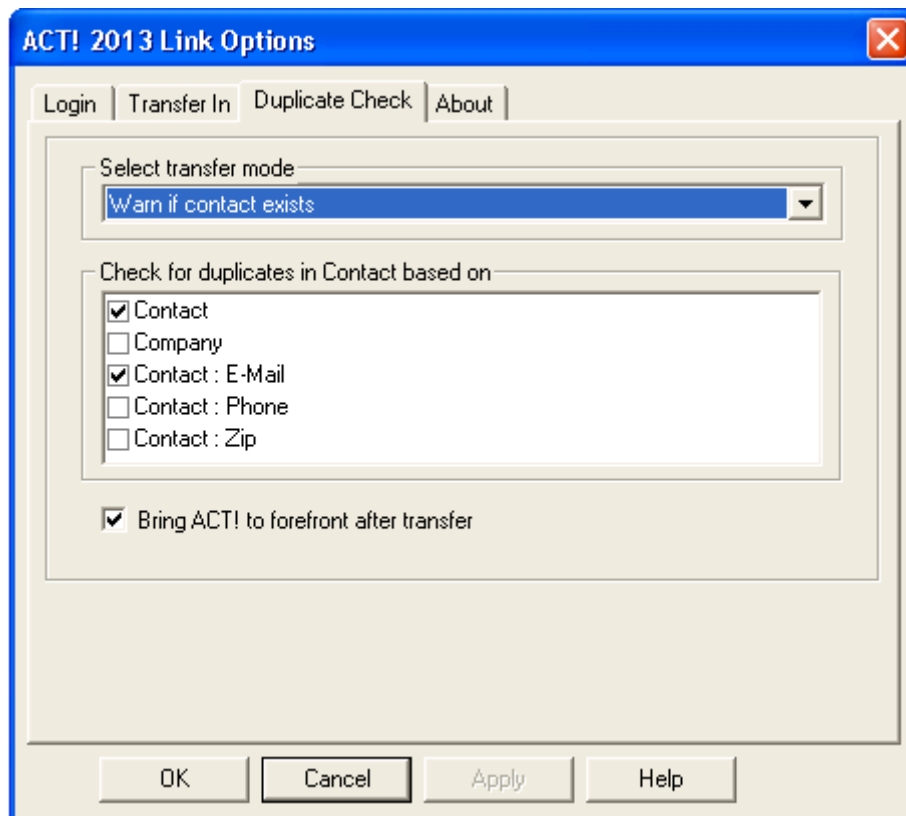

Figure 7: Setup Duplicate Check

- Under **Select transfer mode**, select the required method to transfer duplicate contacts. Example: Select the method "Warn if contact exists". A warning message appears when a duplicate contact is transferred. You can either update or skip the duplicate contact
- Under **Check for duplicates in Contact based on**, select the fields for which the values to be checked for duplicates. The values of the fields selected here are checked during the transfer process.
- **Bring ACT! to forefront after transfer:** Select this option to view the contact record created by AddressGrabber Suite after the transfer process.
- Click **Apply** to save your settings.

Transfer a contact to ACT!

Select your contact information from your source.

Figure 8: Selected Contact Information

Now click the  Add Contact Button in the toolbar. The **AddressGrabber Suite – Confirmation window** appears displaying the extracted contact details.
